TASTING NOTES

The distinctive strawberry, red cherry and pomegranate aromas originate from the unique way these two grapes are fused. A lingering, dry crisp mineral taste on the palate.

WINEMAKING

The 2012 Rosé is a blend of 69% Merlot and 31% Cabernet Sauvignon grapes. Both portions of this blend are picked at an early stage, moderate skin contact given and only the free-run juice used with a cold fermentation technique.

FOOD COMPLIMENTS

Summer, sunshine, the Black Oystercatcher Rosé and a fresh salad of Watercress, Peppered Strawberries and a Mild Goats Cheese is just the perfect combination.
